

ENVIRONMENT POLICY

It is our policy to ensure commitment and environmental leadership in all onshore and offshore activities. We are dedicated to the protection of the environment ensuring as minimal impact as possible from our operations.

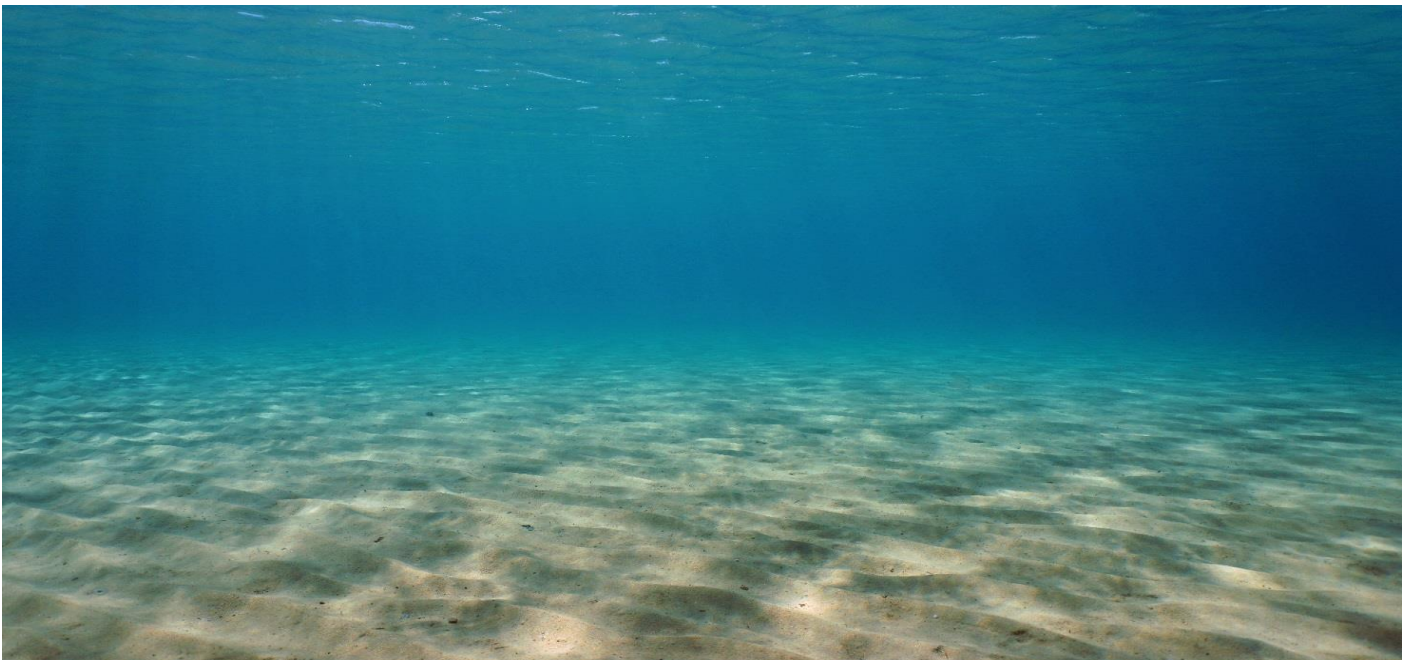

The existence of the Environmental Management System is the direct responsibility of the Managing Director who will ensure the system is in accordance with the requirements of ISO 14001.

We will;

- Promote a positive environmental culture throughout the organisation and our stakeholders.
- Ensure that our operations are conducted exceed the requirements of, all pertinent legislation and relevant industry guidance and good practice.
- Develop a high degree of environmental awareness and competence amongst our team through management, communications and training.
- Prevent pollution through careful planning and management of our operations.
